

## Credit Analyst

A high-energy atmosphere, interesting and challenging work, and a competitive compensation package are only a few of the great things that help make Powerex an exciting and enjoyable place to work.

We are seeking a Credit Analyst to work within our Credit Risk Management team. The right individual will possess solid academic credentials, strong analytical and organizational skills and demonstrated decision-making skills in order to fulfill the Credit department's mandate of supporting the Company's trading operations.

### Responsibilities:

As a self-motivated and results-oriented finance or accounting professional, you will play a key role in supporting the primary functions of the Credit Risk Management Department. The successful candidate will be responsible for conducting credit, risk, and financial analysis, researching and writing credit proposals, evaluating creditworthiness, and recommending and approving credit limits for Powerex's trading counterparties. In addition to identifying relevant changes in the financial condition of counterparties, as a credit team member, you will also assist in measuring and monitoring daily counterparty credit risk and exposure associated with Powerex's trading activities, including the preparation of daily and monthly reports to help ensure compliance with credit risk decisions, policies, and procedures.

### Requirements:

We are looking for candidates who have completed a Bachelor's Degree in Finance, Accounting, or equivalent, coupled with a minimum of 3 years of relevant work experience. Preference will be given to individuals who have also completed a CFA, CGA, or CA designation. Applicants must possess well-developed organizational skills to respond to continually shifting priorities and timelines in an environment that is very dynamic. As well, the successful candidate will possess strong written and oral communication skills, a professional manner, and a demonstrated commitment to learning.
