

Job Title: **Equity Trader**
Location: Edmonton, Alberta
Target Level: Intermediate
Job #: FIN00877-9

Team: Finance – Treasury, Investment Management

About TELUS:

At TELUS, we're unleashing the power of Internet technologies to deliver the best solutions for Canadians at home, at work, and on the move. TELUS is one of Canada's largest telecommunications companies offering a full range of telecommunications products and services – local, long distance, wireless, data, Internet and e-business.

About the Team:

Based in Edmonton, TELUS' Investment Management Team manages a portion of the trust funds established for the TELUS defined benefit pension plans. This team is responsible for the development of investment strategies, analysis of a broad range of investment opportunities and the execution of investment transactions consistent with the policy and strategy.

Position Overview:

As an Equity Trader, you will perform 3 main functions including:

- **Market Intelligence** – maintain a strong working relationship with institutional traders to ensure the timely flow of information and provide updates to the portfolio manager and analysts on market developments.
- **Equity Trading** - analyze market trading activity by monitoring the equity market, individual stocks and sectors via various market information systems to assist in the purchase and sale of securities under the direction of the portfolio manager.
- **Portfolio Maintenance** – generate daily and monthly portfolio reports.

The successful candidate will have a basic understanding of the operation of financial markets and financial securities including a good working knowledge of Reuters and Bloomberg. You will also have strong computer skills, excellent written and oral communication skills and work effectively within a team environment.

Experience and Education:

- CFA designation (or willingness to enrol in the program)
- Bachelor of Commerce / Business Administration or a University degree in a related discipline
- Trading experience in an institutional investment operation would be beneficial
